Colchester High School Scholarships 2018 Entry

Colchester High School is committed to offering the very best education to all students with a wide range of abilities and we encourage all pupils to reach their full potential in all areas. Scholarships are awarded to pupils demonstrating outstanding achievement, talent and/or potential in a certain subject area. Scholarships are awarded solely on merit and are assessed through competitive examinations and interview.

Scholars are expected to participate fully in all activities that relate to their Scholarship award, demonstrating an all round commitment and leadership in their field of excellence.

The majority of Scholars are entitled to a 15% - 50% reduction in tuition fees during their Senior School years (Years 7 to 11). However, the amount and duration of the award is at the discretion of the Principal and depends on the level of achievement, all round commitment and leadership in the pupil's field of excellence.

Subject specific Scholarships are awarded to pupils joining in Year 7 and applicants are able to choose to apply for **one** of the following: Music, Art, Science or Sport.

Colchester High School also offers an Academic Scholarship and separate English and Mathematics Scholarships for pupils who have scored highly in a School assessment. The highest scorers will be invited to sit a further assessment focusing on English and Mathematics. Academic Scholars will display a high standard in both subjects.

In addition, the school may offer a discretionary award or Scholarship to a pupil in the Senior School if the pupil displays exceptional academic ability or strength in one of the subject specific areas.

All Senior School Scholarship applications will need to be received by Friday 14th December 2017. Decisions and final awards will be offered by the end of the Spring term 2018.

Music Scholarships

The school provides a comprehensive range of activities to enable successful candidates to achieve their full musical potential. Students wishing to be considered for a scholarship should be of a high musical ability and show commitment to all aspects of music life at Colchester High School.

Applicants for Music Scholarships are required to meet the minimum academic criteria of Colchester High School in the first instance.

Recipients are selected by means of a musical audition and interview.

The audition and interview for a Music Scholarship are intended to discover musical ability, potential and willingness to commit to the musical life of the school.

- Candidates should be able to perform accurately to a high standard on their main instrument or voice and demonstrate confidence and enthusiasm.
- Qualifications in ABRSM/Trinity Guildhall (or equivalent) Theory of Music, although not essential, if present, represent a distinct advantage over candidates not having these certificates.
- Presenting a second discipline for consideration is acceptable and will further aid a candidate's application.
- Prospective candidates should already be involved in music making – representing their school through orchestra, band or choirs – participating in other musical ensembles as part of a local church or community ensemble.
- A passion and commitment to music making is essential.

During audition and interview, candidates will be required to:

- Perform two prepared pieces contrasted in character. If the candidate is able to play more than one instrument/voice and wishes to do so we would encourage them to perform each piece using a different instruments/voice.
- Respond to aural tests played by a member of the panel including: clap back a short rhythm, sing back a tune and identify expressive characteristics such as changes in dynamics, tempo and articulation.
- Answer a few questions in a short interview.
- Submit certificates and report sheets for any formal music examinations taken (photocopies are acceptable) and at least one reference from current school or music/instrumental teacher.

Music Scholars will be expected to represent the school by taking part in music events and to consider Music as a GCSE option. Suitability might be reviewed if Scholars contribution to the musical life of the school is poor.

Art Scholarships

The school has an illustrious history of success in Art.

Students wishing to be considered for an Art Scholarship should be able to show not only a good standard of artistic ability but also a genuine interest in the subject which is reflected in their out-of-school activities.

Although there will not be a formal test in either practical aspects or theory of Art, candidates will be expected to bring with them evidence in the form of sketchbooks or a portfolio of work which may include:

1. Drawings from observation and/or imagination
2. Photographs of three-dimensional projects they may have worked on
3. Studies which show evidence of the use of a variety of art materials
4. Projects that show how the candidates have explored and developed their ideas on a theme from initial observations to a final personal realisation
5. Evidence that visiting museums and galleries has influenced their work/ideas

Students applying for the scholarship will be required to submit this evidence and may then be asked to attend an interview with the Faculty Leader for Art and Design, where their work and interests would be discussed.

One of the most important criteria for the successful candidates will be evidence of genuine commitment and enthusiasm for the subject which will be reflected not only in the evidence provided by their practical work but by their knowledge and understanding of the subject in general.

Art Scholars should consider taking GCSE Art as an option in Year 10.
