

Colchester High School

Home to School Transport

Colchester High School offers five transport routes to provide safe, reliable transport to and from school. The services are extremely reliable with experienced drivers allocated to the routes every day. We are happy to accommodate most travel requests. For example you may wish to book for two or three days per week, or just the school-bound or home leg of the journey. If required, the buses are able to accommodate stops along the set route. Please contact the school for more information. The routes start in Braintree, Chelmsford, Maldon, Frinton on Sea and Mersea and all arrive at school by 8.30am and depart at approximately 3.50pm to return the children home.
